

Minutes of the meeting of the school council
30th September 2011

Year 1 – no issues

Year 2 – no issues

Year 3 – no issues

Year 4 – no issues

Any other business – The school council was reminded that we must apply for our Green Flag renewal this year. It was explained that we need to choose two topics to work on this year, one of which must be energy. The other topic can be chosen from the remaining four that the school has not worked on previously. We have already addressed Litter, Grounds and Waste. The first step is to complete an environmental review. The council completed three of the nine topics.
